

YAT ANTI BULLYING CONFERENCE

The 2018 NASSSA Youth Action Team (YAT) put together and ran a Anti bullying conference on the 16th of March 2018 at the Twelve25 Salisbury centre, this date was set because that is the National Day of Anti Bullying. This conference run by the YAT members conveyed lots of powerful messages and students from every NASSSA school attended, each going home with plans to reinforce anti-bullying techniques at their own schools. This day consisted of an interactive drama performance from ActNow Theatre followed by several breakout sessions where the schools were divided into groups in different rooms. These breakout sessions consisted of an event planning session by Damien Luke, Maria ran a session that was about prioritising every little thing you need to do in events, Heather and David also ran sessions talking about the DNA-V model.

The YAT team organised guest speakers throughout the day and ran a panel of speakers that all our guests could ask questions, the panel consisted of; a bully, a victim, a bystander and a councillor. We were also lucky to have Rick Henke helping out around the day as host. The awesome Rotary Club of SALISBURY cooked us a delicious lunch just to top the day off! Each guest received a little gift bag at the end that had some really helpful resources in and some fun ones too! Things like goal planning templates right to a yummy little tray of Nutella.
